**N**ovember 22 will be a great day for Hadleigh; a great achievement for the Chamber. You'll have your invitations by now...I hope you've scheduled your day to join us to launch our website.

You all have a page on this website which you can change whenever you want. You all have access to the Chamber user group, to news and events, and business information.

This is a web about Hadleigh, for Hadleigh. It is for all who work, live or shop here. It is there to boost your trade; to bring more people to the town and encourage Hadleigh residents to shop on their own doorstep.

We want to tell people that they can get all they need in Hadleigh with the bonus of old-fashioned customer service, something increasingly rare in the age of e-bay and superstores.

Official Launch  
Tuesday  
November 22 6pm

We who work and live here already know the benefits of Hadleigh. We need to tell the others. Which is where Hadleigh4U.org comes in.

Thanks to one of our own members - free-rein ltd - we have a hugely sophisticated website that's easy for each Chamber member to use. Free-rein has worked *pro bono* for the Chamber.

We never could have afforded such a site. There's an extra bonus here too. Free-rein linked with Suffolk College to give an IT student the opportunity to work with them to create our site. He did such a good job that they have already had him back to work with them several times.

Now it's time for you to come and see for yourself. Join us on November 22; collect your access details and find out how Hadleigh4U.org works.

We'll have a host of screens set up at the launch where we will be showing the web to the press, to local dignitaries, to you our members and to prospective members.

The Chamber has 80 members. We would like every one of you to support us on the 22nd.

**NB: The launch date is Tuesday, November 22, not Wednesday as printed on your invitation.**
